

Overview

The Encasa Canadian Short-Term Bond Fund is managed by Encasa Financial and governed by the Encasa Responsible Investment Policy.

The investment objective of the Fund is to obtain a relatively high level of current interest income consistent with preserving capital and maintaining liquidity. It is suitable for shorter-term capital where there is a more immediate need for liquidity.

The Fund invests primarily in high-quality debt obligations issued or guaranteed by the Government of Canada, provincial or territorial governments or their agencies, Canadian chartered banks, Canadian loan or trust companies, and Canadian corporations that meet the responsible investment criteria set for the Fund. It may also invest in debt instruments issued or guaranteed by international or supranational agencies, such as the World Bank.

The Fund is sub advised by Addenda Capital Management. Addenda is a leading fixed income investment manager in Canada with a long standing commitment to the principles of responsible and sustainable investing.

¹ Between 2002 to 2008, Phillips, Hager & North (PH&N) was the sub-advisor of the Fund. Between 2008 to 2018, RBC Global Asset Management (RBC GAM) was the sub-advisor to the Fund.

² The risk rating for the fund is determined using a methodology in accordance with a standardized risk classification methodology that is based on the fund's historical volatility as measured by the 10-year standard deviation of the returns of the Fund. However, just as a fund's historical performance may not be indicative of its future returns, a fund's historical volatility may not be indicative of its future volatility. In addition, investors should be aware that other types of risk, both measurable and non-measurable, also exist. Please read the Prospectus for more information.

³ Hypothetical growth of \$100,000 investment into the fund since inception.

⁴ Rates of return assume reinvestment of all distributions, after deduction of fees. 3-month, quarterly, year to date, one-year and calendar-year rates of return are a simple return on investment (not annualized).

⁵ Top ten holdings information is historical and may not reflect current or future portfolio composition. All holdings are subject to change. The information provided is not a recommendation to purchase, sell, or hold any particular security. The securities identified do not represent the fund's entire holdings, and, in the aggregate, may represent only a small percentage of such holdings. There is no assurance that securities purchased will remain in the fund, or that securities sold will not be repurchased.

Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the prospectus or Fund Facts document before investing. The performance data provided assumes reinvestment of distributions only and does not take into account sales, redemption, distribution or optional charge or income taxes payable by any unitholder that would have reduced turns. Mutual funds are not guaranteed. Their values change frequently and past performance may not be repeated.

This information is provided for informational purposes only and is not intended to provide specific financial, investment, tax, legal, or accounting advice. You should not act or rely on the information without seeking the advice of a professional.
